

**Alfabetisk oversikt over fysioterapeuter med doktorgrader pr. desember 2019**

Oversikten er utarbeidet på bakgrunn av det Fysiofondet er kjent med, og er derfor *ikke* komplett

| Navn                    | Tittel på dr.gradsarbeidet   | Grad      | Institusjon               | År   |
|-------------------------|--|-----------|---------------------------|------|
| Aarthun, Antje          | Parental involvement in children's healthcare decisions at the hospital  | ph.d.     | Universitetet i Stavanger | 2019 |
| Aaslund, Mona Kristin   | Treadmill walking with body weight support in patients post-stroke   | ph.d.     | Universitetet i Bergen    | 2012 |
| Adde, Lars              | Prediction of cerebral palsy in young infants. Computer based assessment of general movements  | ph.d.     | NTNU                      | 2010 |
| Ahlsen, Birgitte        | Making sense of chronic muscle pain. Analyzing gender in illness narratives  | ph.d.     | Universitetet i Oslo      | 2014 |
| Andersen, Tiina Maarit  | Laryngeal response patterns during mechanically assisted cough in Amyotrophic Lateral Sclerosis  | ph.d.     | Universitetet i Bergen    | 2018 |
| Andersson, Stig Haugsbø | Injury prevention in elite handball  | ph.d.     | Norges Idrettshøgskole    | 2018 |
| Ask, Tove               | Muskel- og skjelettplager er blant de vanligste grunnene til sykefravær og uføretrygd. Studien viste at helsearbeidere som var fullt sykmeldt på grunn av muskel- og skjelettplager, hadde lavere fysisk funksjonsnivå enn de som var i jobb til tross for plager. | ph.d.     | Universitetet i Bergen    | 2016 |
| Askim, Torunn           | Recovery after stroke. Assessment and treatment; with focus on motor function  | ph.d.     | NTNU                      | 2008 |
| Bakke Johnsen, Marianne | Leisure time physical activity and smoking as potential risk factors for severe hip and knee osteoarthritis. The HUNT Study  | ph.d.     | Universitetet i Oslo      | 2017 |
| Bakken, Arnhild         | The benefits of periodic health evaluation in professional football players – a focus on musculoskeletal screening   | ph.d.     | Norges Idrettshøgskole    | 2018 |
| Bentzen, Hege           | Prevention of hip fractures in nursing homes. A comparative study of the adherence with and effect of soft-shelled and hard-shelled hip protectors   | ph.d.     | Universitetet i Oslo      | 2009 |
| Bere, Tone Tufte        | Mechanisms of injuries in World Cup alpine skiing.   | ph.d.     | Norges Idrettshøgskole    | 2013 |
| Bergland, Astrid        | Falls suffered by the elderly living at home   | dr.philos | Universitetet i Oslo      | 2002 |

|                            |  |           |                              |      |
|----------------------------|--|-----------|------------------------------|------|
| Biehl, Anna Månsson        | Socio-demographic predictors of childhood overweight and obesity in Norway — an epidemiological study  | ph.d.     | Universitetet i Oslo         | 2014 |
| Bjelland, Elisabeth K.     | Pregnancy-related pelvic girdle pain: reproductive risk factors and prognosis.   | ph.d.     | Universitetet i Oslo         | 2012 |
| Bjorbækmo, Wenche          | "My own way of Moving" The Movement Experiences of Children with disabilities  | ph.d.     | Universitetet i Oslo         | 2011 |
| Bjordal, Jan Magnus        | Validation of electrophysical agents in pain management by identification of their dose response patterns  | dr.philos | Universitetet i Bergen       | 2003 |
| Blakstad, Helene C.        | Revising rules and reviving knowledge: adapting tierarchical and risk-based approaches to safetyrule modifications in the Norwegian railway system                       | dr.ing.   | NTNU                         | 2006 |
| Bogen, Bård Erik           | Gait in community-living older adults  | ph.d.     | Universitetet i Bergen       | 2019 |
| Borch, Kristin Benjaminsen | Physical activity, mortality and breast cancer risk – The Norwegian Women and Cancer Study   | ph.d.     | Universitetet i Tromsø       | 2013 |
| Braathen, Tore Norendal    | What works in occupational rehabilitation? - Measurements and perceptions of RTW in Norway   | ph.d.     | Univesitetet i Oslo          | 2015 |
| Brovold, Therese           | Physical activity, Exercise, Health-Related Quality of Life and Physical Function in Older Adults Leaving Hospital   | ph.d.     | Høgskolen i Oslo og Akershus | 2013 |
| Brunner, Iris              | Recovery of arm motor function in the subacute phase after stroke. Aspects of assessment, treatment and reorganization.  | ph.d.     | Universitetet i Bergen       | 2012 |
| Brurok, Berit              | Spinal Cord Injury and Aerobic capacity; Chronic and acute effects from arm-crank exercise, lower extremity functional electrical stimulation and leg vascular occlusion | ph.d.     | NTNU                         | 2013 |
| Bruun-Olsen, Vigdis        | Physiotherapy and physical functioning after total knee arthroplasty. Effects of interventions and examination of practice   | ph.d.     | Universitetet i Oslo         | 2015 |
| Brækken, Ingeborg Hoff     | Pelvic floor muscle function and pelvic organ prolapse   | ph.d.     | Norges Idrettshøgskole       | 2010 |
| Bunkan, Berit Heir         | The comprehensive body examination   | dr.philos | Universitetet i Oslo         | 2003 |

|                      |  |            |                              |      |
|----------------------|--|------------|------------------------------|------|
| Bø, Elisabeth        | Supervised exercise after percutaneous transluminal angioplasty for intermittent claudication – associations and effects on physical function and health-related quality of life | ph.d.      | Universitetet i Oslo         | 2014 |
| Bø, Kari             | Pelvic floor muscle exercise for the treatment of female stress urinary incontinence   | dr.scient. | Norges idrettshøgskole       | 1990 |
| Chaibi, Aleksander   | Chiropractic spinal manipulative therapy for migraine  | ph.d.      | Universitetet i Oslo         | 2017 |
| Christie, Anne       | Measuring outcomes of shoulder surgery in patients with rheumatic diseases   | ph.d.      | Universitetet i Oslo         | 2011 |
| Clarsen, Benjamin    | Overuse injuries in Sport – Development, validation and application of a new surveillance method   | ph.d.      | Norges Idrettshøgskole       | 2015 |
| Dagfinrud, Hanne     | Ankylosing spondylitis: Diseases impact and research evidence of physiotherapy interventions   | dr.philos  | Universitetet i Oslo         | 2005 |
| Dahle, Ranveig       | Arbeidsdeling - makt - identitet: betydningen av kjønn i fysioterapiyrket  | dr.polit.  | Universitetet i Trondheim    | 1990 |
| Dahl-Michelsen, Tone | Gender in physiotherapy education. A study of gender performance among physiotherapy students and changes in the significance of gender  | ph.d.      | Høgskolen i Oslo og Akershus | 2015 |
| Danielsen, Marit     | Kroppsbildeforstyrrelser og tvangspreget trening hos kvinnelige pasienter med spiseforstyrrelser   | ph.d.      | NTNU                         | 2016 |
| Demmink, Jan Hendrik | Therapeutic ultrasound: theoretical backgrounds and clinical applications  |            | Universitetet i Utrecht      | 2003 |
| Dragesund, Tove      | Development of a Self-report Questionnaire in the Context of Norwegian Psychomotor Physiotherapy   | ph.d.      | Universitetet i Bergen       | 2012 |
| Eitzen, Ingrid       | Knee function and rehabilitation after anterior cruciate ligament injury. Early functional assessments and interventions   | ph.d.      | Universitetet i Oslo         | 2010 |
| Eliassen, Marianne   | Physiotherapy practice in reablement services A qualitative study with observations and interviews   | ph.d.      | Universitetet i Tromsø       | 2019 |
| Emaus, Nina          | Longitudinal changes in forearm bone mineral density in women and men from 25 to 84 years  | dr.philos  | Universitetet i Tromsø       | 2006 |

|                               |   |            |                        |      |
|-------------------------------|---|------------|------------------------|------|
| Engebretsen, Kaia Beck        | Patients with subacromial shoulder pain; treatment and predictors of outcome.   | ph.d.      | Universitetet i Oslo   | 2011 |
| Engelsrud, Gunn               | Kjærlighet og bevegelse. Fragmenter til en forståelse av fysioterapeutisk yrkesutøvelse.  | dr.polit   | Universitetet i Oslo   | 1990 |
| Evensen, Kari Anne Indredavik | Born too soon or too small: Motor problems in adolescence   | ph.d.      | NTNU                   | 2010 |
| Fallang, Bjørg                | Development in infants born preterm. A study of characteristics of reaching and postural control                                    | dr.philos  | Universitetet i Oslo   | 2005 |
| Fernandes, Linda              | Functioning, disability, and management of patients with hip osteoarthritis   | ph.d.      | Universitetet i Oslo   | 2011 |
| Fersum, Kjartan Vibe          | Classification and targeted treatment of patients with Non Specific Chronic Low Back Pain   | ph.d.      | Universitetet i Bergen | 2011 |
| Fjærtøft, Hild                | Organisering av helsetjensten viktig for pasienter med hjerneslag   | dr.philos  | NTNU                   | 2005 |
| Fjørtoft, Toril               | Early motor repertoire and long-term motor, cognitive and adaptive function in infants at risk for neurological impairment          | ph.d.      | NTNU                   | 2016 |
| Fredriksen, Eva Haukeland     | Pregnant: Healthy or sick? "Normal pregnancy complaints" and eligibility to protection  | ph.d.      | Universitetet i Oslo   | 2012 |
| Fredriksen, Per Morten        | Physical functioning in children and adolescents with congenital heart disease  | dr.scient. | Norges Idrettshøgskole | 2000 |
| Frisk, Bente                  | Exercise capacity and breathing pattern in patients with chronic obstructive pulmonary disease. Predictors and longitudinal changes | ph.d.      | Universitetet i Bergen | 2015 |
| Giske, Liv                    | Chronic musculoskeletal pain; mechanisms and pain reports   | ph.d.      | Universitetet i Oslo   | 2010 |
| Gjelsvik, Bente               | Trunk control in stroke. Aspects of measurement, relation to brain lesion and change after rehabilitation.                          | ph.d.      | Universitetet i Bergen | 2014 |
| Gould, Christian S.           | Faster, better, safer? Studies of safety, workload and performance in naval high-speed ship navigation                              | ph.d.      | Universitetet i Bergen | 2009 |
| Grape, Hedda Eik              | Becoming and staying healthy from Fibromyalgia  | ph.d.      | Universitetet i Oslo   | 2017 |
| Graver, Vibeke                | Long-term results and predictors of outcome in lumbar disc surgery  | dr.philos  | Universitetet i Oslo   | 1999 |
| Grindem, Hege                 | Knee function and sports participation after nonoperative and   | ph.d.      | Norges Idrettshøgskole | 2014 |

|                           |  |            |                              |      |
|---------------------------|--|------------|------------------------------|------|
|                           | operative treatment of anterior cruciate ligament injuries.  |            |                              |      |
| Grotle, Margreth          | Clinical course and prognostic factors in patients with low back pain and disability: A methodological and clinical study  | dr.philos  | Universitetet i Oslo         | 2005 |
| Hagen, Kåre Birger        | Physical work load and perceived exertion during forest work and experimental repetitive lifting   | dr.med.vet | Karolinska Institutet        | 1994 |
| Hagland, Hanne            | Å krysse fremfor å beskytte grenser. Om ergoterapeut-, fysioterapeut-, lege- og sykepleierstudenters deltakelse og læring i tverrprofesjonell praksis                    | ph.d.      | Høgskolen i Oslo og Akershus | 2015 |
| Hanvold, Therese Nordberg | Mechanical workload and neck and shoulder pain at the start of working life  | ph.d.      | Universitetet i Oslo         | 2015 |
| Harøy, Joar               | Groin injuries among football players - a substantial but preventable problem  | ph.d.      | Norges Idrettshøgskole       | 2018 |
| Haslerud, Sturla          | Low-Level Laser Therapy and Cryotherapy in Tendinopathy Treatment  | ph.d.      | Universitetet i Bergen       | 2018 |
| Haugstad, Gro Killi       | Mensendieck Somatokognitiv terapi ved langvarige underlivssmerter hos kvinner, en randomisert kontrollert behandlingsstudie  | ph.d.      | Universitetet i Oslo         | 2008 |
| Haukenes, Inger           | Predictors of disability pension: the role of class, work and gender   | ph.d.      | Universitetet i Bergen       | 2013 |
| Heiberg, Kristi Elisabeth | Recovery of physical functioning after total hip arthroplasty  | ph.d.      | Universitetet i Oslo         | 2014 |
| Helbostad, Jorunn         | Motor functioning in community-dwelling older adults   | dr.philos  | Universitetet i Bergen       | 2004 |
| Hervik, Jill Brook        | Acupuncture for the treatment of hot flashes in breast cancer patients.  | ph.d.      | Universitetet i Oslo         | 2017 |
| Hesseberg, Karin          | Functioning in community –dwelling older people with mild cognitive impairment and dementia with a focus on instrumental activities of daily living and physical fitness | ph.d.      | Universitetet i Oslo         | 2015 |
| Hilde, Gunvor             | Pelvic floor muscle function in pregnancy and after childbirth and the effect of postpartum pelvic floor muscle training on urinary incontinence in women with and       | ph.d.      | Norges Idrettshøgskole       | 2014 |

|                           |   |           |                           |      |
|---------------------------|---|-----------|---------------------------|------|
|                           | without major defects of the levator ani muscle.  |           |                           |      |
| Hildebrand, Maria         | Sedentary behaviour in young people: assessment methods and predictors  | ph.d.     | Norges Idrettshøgskole    | 2016 |
| Hiorth, Ylva Hivand       | Falls in Parkinson's disease  | ph.d.     | Universitetet i Stavanger | 2016 |
| Hodt-Billington, Caroline | Measures of symmetry in gait. Methodological principles and clinical choices  | ph.d.     | Universitetet i Bergen    | 2012 |
| Holm, Inger               | Quantification of muscle strength by isokinetic performance   | dr.philos | Universitetet i Oslo      | 1996 |
| Høivik, Dordi             | Health, Safety and Environment Culture in the Petroleum Industry in Norway  | ph.d.     | Universitetet i Bergen    | 2009 |
| Høyer, Ellen              | Effect of treadmill training with body weight support on walking and transfer after severe stroke                                       | ph.d.     | Universitetet i Bergen    | 2013 |
| Håkstad, Ragnhild         | Interaction and mutuality in physical therapy for preterm infants and their parents   | ph.d.     | Universitetet i Tromsø    | 2017 |
| Idland, Gro               | Functioning, self-rated health, mortality and exercise in the oldest old community-dwelling Norwegian women                             | ph.d.     | Universitetet i Oslo      | 2015 |
| Inger L. Aamot            | FEASIBILITY OF HIGH-INTENSITY INTERVAL TRAINING IN CARDIAC REHABILITATION   | ph.d.     | NTNU                      | 2013 |
| Irgens, Eirik Lind        | Ambiguity and Professional accountability in physiotherapy practice - Acquired brain injury rehabilitation across health care levels    | ph.d.     | Universitetet i Tromsø    | 2019 |
| Iversen, Synnøve          | Children with developmental problems and disorders: selected aspects of motor and multidisciplinary assessment and intervention         | dr.philos | Universitetet i Bergen    | 2006 |
| Iversen, Vegard Moe       | Effects of resistance training versus general physical exercise for chronic low back- and neck pain in multidisciplinary rehabilitation | ph.d.     | NTNU                      | 2018 |
| Jahnsen, Reidun           | Being adult with a "childhood disease": A survey on adults with cerebral palsy in Norway  | dr.philos | Universitetet i Oslo      | 2004 |

|                         |   |            |                        |      |
